Roughton, Johnson & Cook

The Modern Law of Patents, 4/e

The Modern Law of Patents is an essential resource for patent lawyers and patent attorneys. The title offers a fresh, and comprehensive exposition of law and procedure relating to patents in the UK and Europe; and includes key precedents and court forms, covers useful historical information and materials, and also explores recent and future developments in patent law in one handy volume.

9789388548250 | 4th Edition 2019 | Hardcover | ₹8,500/-

Digby Bailey & Luke Norbury

Bennion on Statutory Interpretation, 7/e

Bennion on Statutory Interpretation is the leading work on statutory interpretation. It provides a clear and comprehensive guide to understanding, interpreting and applying legislation. Regularly used by practitioners and academics, and frequently cited in judgments throughout the common law world, it is a trusted and authoritative resource.

The material in the new edition has been extensively restructured, and in places rewritten, to improve accessibility and enhance the content. The edition has been produced by a new editorial team, with Professor David Feldman QC (Hon) FBA, Rouse Ball Professor of English Law, as consultant editor.

9789386515988 | 7th Edition 2019 | Hardcover | ₹6,495/-

The Law of Contract, 6/e

(Part of Butterworths Common Law Series) by Michael Furmston

The Law of Contract provides a comprehensive and authoritative treatment of all aspects of the law of contract. It is both accessible and detailed, designed specifically to meet the needs of practitioners in the field.

The latest key decisions are covered and accompanied by incisive analysis, including Patel v Mirza which deals with the interaction of contract and unjust enrichment in relation to illegal contracts.

9789388548007 | 6th Edition 2019 | Hardcover | ₹7,950/-

Buckley

The Law of Negligence and Nuisance, 6/e

The sixth edition of Buckley on Negligence and Nuisance brings the work right up to date in print and online. Part of Butterworth's Common Law Series, this title draws extensively upon recent cases and judicial pronouncements and also includes references to case law from jurisdictions outside the UK.

The law of negligence touches on many areas of professional practice and remains a complex and a growing area of business for solicitors. Buckley deals with the multiple duties owed at the interface of the principles of negligence with medical and personal injury law, employment law, consumer law, licensing, and as such it is an essential addition to the library of any solicitor's firm.

The book is also part of the Common Law menu which is supported by annual updates.

McGee

The Modern Law of Insurance, 4/e

The fourth edition of this popular textbook provides a comprehensive and authoritative treatment of insurance law and offers a practical approach to the subject. It covers a wide range of topics from particular policies and the protection of third parties, to claims and the consequences of settlement. Fully updated in light of new cases and recent regulatory regulation changes in insurance law.

Since the last edition there have been very significant changes to the Law of insurance and these are covered in detail including:

- The Consumer Insurance (Disclosure and Representations Act) 2012
- The insurance Act 2015
- Versloot, which ended the “collateral lies” rule
- A number of cases on the scope of compulsory motor insurance
- Insurers’ liability in mesothelioma cases, which has been considered by the Supreme Court along with the interpretation of contractual terms more generally

In addition to these statutory changes there are significant case law developments in many other areas which are also covered in depth.

Stephen Walmsley

The Trials of Justice Murphy

October 2016 marks 30 years since the death of former High Court Justice Lionel Murphy, a controversial legal and political figure who despite his many achievements is perhaps best remembered for being charged with attempting to pervert the course of justice. The Trials of Justice Murphy takes an in-depth look at the unique story of how Murphy, a High Court judge at that time, was charged with serious criminal offences, found guilty of one and subsequently sentenced to imprisonment.

The book examines the first trial in depth, turning then to the appeal and second trial, at which Murphy was acquitted. Facing a further inquiry, Murphy was diagnosed with a terminal illness, but controversially returned to sit as a judge, delivering his last judgments just an hour before he died. Follow the fascinating story of how it came about that one of Australia's most senior judges was once accused of putting his freedom, and the reputation of the High Court, in jeopardy to help a friend.

Pro Bono Partnerships and Models

A Practical Guide to What Works, 2/e

For lawyers and firms offering pro bono assistance, and for community organisations seeking it, What Works provides a deeper understanding of:

- the models of pro bono assistance,
- how to build and strengthen relationships with pro bono partners,
- the features of successful pro bono projects, and
- common challenges and how to tackle them.

What Works includes case studies, testimonials and commentary drawing on the wide-ranging experience of law firms, community legal centres, referral organisations and government agencies, as well as individual lawyers and barristers. The insights it provides are of enormous value to those involved in pro bono legal services.

Legal Problem Solving and Syllogistic Analysis

A Guide for Foundation Law Students

This innovative text is a guide to developing students' critical thinking in solving legal problems through the application of the principles of logic. The authors explain how syllogistic analysis provides the underlying basis for legal problem solving using the IRAC method commonly taught in foundation law studies. Drawing on everyday examples, the processes of everyday reasoning are used both to deconstruct and reconstruct the reasoning itself. The step-by-step approach demonstrates the application of legal reasoning and research to generate appropriate responses to legal issues. It assists students to engage in critical analysis so as to make a reasoned choice between different responses to legal problems. For lecturers, the book is supported by an extensive online teaching guide and a suite of supplementary learning resources.

9789350359143 | Edition 2016 | Hardcover | ₹950/-

Anita Stuhmcke

Legal Referencing, 4/e

In this indispensable guide, the author explains the 'hows and whys' of good legal referencing and writing. This fourth edition has been substantially revised to cover a comprehensive range of sources.

The author discusses referencing in compliance with the third edition of the *Australian Guide to Legal Citation*. Additionally, referencing to social media such as Twitter, Facebook, e-books and apps is covered and 'how to' examples provided. A highly valuable chapter has been added about how to improve legal writing and referencing. The inclusion of many clear examples and exercises (with answers) will assist writers to identify and avoid plagiarism in legal or other writing.

9789350359150 | 4th Edition 2016 | Hardcover | ₹950/-

Richard Krever

Mastering Law Studies and Law Exam Techniques, 9/e

The book de-mystifies the process of studying law and provides the foundations for law school success. The first part of the book provides basic rules and helpful hints on study techniques. The second part shows how to apply these guidelines by presenting a range of sample exam questions and answers contributed by experienced law lecturers from leading Australasian universities. This section includes commentary from examiners about what separates an above average answer from an average answer. Guides to success in moot court and on how to approach multiple choice and essay assessments are also included. The ninth edition of this successful book has been updated to reflect recent developments in case law and legislation.

Negotiation

A How to Guide

Negotiation is the principle day-to-day activity of most professionals. Experience can make us confident negotiators, but it may not make us better negotiators. The path to excellence and expertise is via experience and structured reflection. By engaging in reflexive practice, we can learn from our mistakes and understand the reasons behind our success stories. Negotiation is a set of strategies, behavioural styles and skills that can be learned. This book provides the reader with the necessary tools to become a reflexive negotiation practitioner.

9789350359174 | Edition 2016 | Hardcover | ₹1,750/-

David Field

Crimes that shaped the Law

The law cannot remain static, but must adjust to reflect the changing society that it serves. From time to time, criminal cases arise that dramatically dictate the need for alterations to the law. Those developments often occur, but what of the fates of those whose misfortunes were the catalyst for change? The stories of some of these unwitting — and unwilling — pioneers are collected in this fascinating book. These lively and engaging stories, spanning a hundred years, provide the historical background that led to important changes to our justice system.

9789350359112 | Edition 2016 | Hardcover | ₹950/-

Michael Meehan and Graham Tulloch

Grammar for Lawyers, 3/e

Grammar for Lawyers offers a succinct and practical guide to effective legal writing and precise legal reading, drawing on both the expertise of professional grammarians and the analytical skills of judges in interpreting legal writing in the courts. The importance of understanding basic grammatical principles is placed in the context of judicial comment and analysis from Australia and other common law jurisdictions. In this essential handbook to correct English usage, the authors detail the uses of grammar (parts of speech, parts of a sentence) and suggest effective legal writing techniques. Common grammar problems are identified and incorrect or awkward usage that may lead to legal problems is discussed. The third edition has been fully revised and the authors have added several practical review exercises to assist readers in understanding how meanings are created in written language and how ambiguities may be eliminated.

9789350359129 | 3rd Edition 2016 | Hardcover | ₹750/-

Rachael Field, James Duffy & Anna Huggins

Lawyering and Positive Professional Identities

The book helps to navigate the demands of law studies and legal practice through the development of positive professional legal identities. It does this by focusing on the knowledge, skills and attitudes necessary for law students to be motivated and engaged learners, and psychologically healthy individuals. This book provides a unique coverage of diverse topics, including lawyering, dispute resolution, ethics, resilience and self-management. Positive lawyering knowledge and practice are central themes of this book, with a particular emphasis on lawyers' roles as upholders of the rule of law, as dispute resolvers and as ethical professionals.

Principles of International Law, 5/e

Principles of International Law explains and illustrates the essential concepts of international law from an Australian perspective. It provides an authoritative yet accessible guide to the structure of international law, its systemic requirements and major substantive topics. Each chapter contains a clear statement of objectives, a list of key instruments and authorities, a lucid statement of the law, original analysis, extracts from relevant treaties and other international instruments, and helpful case summaries and extracts. Problem questions and suggested arguments for use in answering them are included, and further discussion questions are provided. Incorporates the most recent developments in international law across a wide range of areas. Recent decisions from the International Court of Justice and other international and domestic tribunals have been added.

Torts, 7/e

Cases and Commentary

Torts: Cases and Commentary delivers a critical and analytical approach to the law of torts presented through extensive commentary and selected materials from case decisions, legislation and academic writings. Detailed notes assist students and practitioners to understand the significance of the key cases while questions stimulate critical thinking and learning. The seventh edition of this text includes many cases that have interpreted the civil liability statutes enacted over the last decade. Current and emerging issues in tort law reform are widely discussed and many additional references to the academic literature are provided.

Mediation

A How to Guide

This book deals systematically with all aspects of the mediation process, covering a wide range of planning, precautionary and trouble-shooting methods required in practice and all skills and techniques are related to the National Mediator Accreditation Standards. The book emphasises three particular features of the mediator's role: understanding, diagnosing and defining the conflict; the importance of creating the best possible climate for parties to resolve disputes; being a facilitator of the parties' negotiations. Throughout the book, practical illustrations and case studies are provided to illustrate important points and a range of documents and precedents are provided in the appendices.

Cross-Border Insolvency Law

This new work provides a comprehensive and theoretically rich discussion of the law on cross-border insolvency. It engages with several current multi-billion dollar insolvencies such as those of Nortel Networks and Lehman Brothers to provide the reader with state of the art knowledge of the complex problems posed by transnational insolvency. Writing from an Australian perspective, the authors analyse this network of legal rules and subsequent case law. In addition, they explain the theoretical underpinnings of these rules in an accessible manner to build a solid foundation for practice, facilitate advanced reasoning, and enable the development of sophisticated arguments for law reform. Comparative case law from jurisdictions such as the United States and United Kingdom is also included.

Legal Drafting

A How to Guide

Legal Drafting — A How to Guide is for those who wish to learn how to draft effectively. Good legal drafting requires sound knowledge of the relevant law, combined with an understanding of basic drafting principles. Chapter 1 is devoted to general principles which are relevant to all legal drafting. Each subsequent chapter deals with a specific area and contains an explanation of the applicable legal principles and then issues. Examples of drafting to achieve particular outcomes are also illustrated. The authors have paid special attention to language, and a plain English flavour is used throughout the book.

Investigative Interviewing Explained, 4/e

The importance of investigative interviewing has been increasingly recognised in recent years as vital to effective investigation. Investigative Interviewing Explained provides the reader with an easy-to-read guide to investigative interviewing. It is a practical and comprehensive text with helpful examples to assist investigators to develop and hone their skills. The authors share a wealth of practical experience, and have written an indispensable text based on sound practice and sensible advice.

This text deals with a range of essential interviewing skills and issues relating to:

- preparation and planning
- establishing rapport
- questioning
- listening
- interviewing witnesses
- interviewing suspects
- legal aspects of interviewing
- continual improvement through evaluation

There is little doubt that in the current legal environment, evidence elicited in an interview, whether from a witness or suspect, will become a focus for the defence. This book assists investigators to gather evidence in a manner that will withstand such scrutiny and protect the integrity of the witness.

Human Trafficking Handbook

Recognising Trafficking and Modern-Day Slavery in the UK

Human Trafficking is a unique collection of original essays that seeks to bring together for the first time expert perspectives from a wide range of key participants in the struggle against human trafficking in the United Kingdom. Edited and collated by award-winning human rights barrister Parosha Chandran, this precedent-setting text assembles the views of specialist lawyers, local authorities, doctors, non-governmental organisations, police officers and prosecutors as it surveys the major themes of human trafficking, ranging from domestic servitude to sexual and labour exploitation, and also carefully examines the impact of trafficking upon its victims. Dedicated chapters on trafficking in Scotland and Northern Ireland complete a UK-wide examination of the issue. It is an essential anthology of opinion and analysis written by experienced, passionate professionals who play a vital role in today's fight against modern-day slavery.

Whillans's

Worldwide Taxes

Whillans's Worldwide Taxes is an essential resource. Designed exclusively for the UK tax practitioner, it sets out tax regimes for over 100 of the world's leading countries. These have been carefully selected to cover all the leading trading nations and offshore jurisdictions, so there is no need to research each one individually. Usefully it also provides checklists highlighting notable differences to the UK tax system. For advising corporate or personal clients on their overseas tax position, Whillans's Worldwide Taxes is an essential resource.

The Modern Law of Trade Marks, 5/e

This comprehensive guide on trade mark law enables practitioners to provide clients with effective advice with the best possible support and authority. It includes detailed analysis of important UK and European legislation and decisions, in-depth commentary on the complexities of the Trade Marks Act 1994 and the Madrid Protocol and the CTM Regulation. All aspects of registered trademarks are included, together with information on applications, registration, protections and infringement. Divided into seven parts, key topics covered are: Background to the Law; Registered Marks; Passing Off; Civil Proceedings; Customs and Criminal Offences; International Treaties; and the Community Trade Mark.

Major changes covered by the new edition include:

- Updated laws applying to trade marks in the UK, including the latest amendments to the Trade Marks Act 1994, the Trade Mark Rules 2008, the Community Trade Mark Regulations 2006 and the Trade Marks (International Registration) Order 2008;
- Full texts of the relevant Directives including the new 'recast' Directive for further approximation of trade mark laws;
- Current versions of the Madrid Agreement and Madrid Protocol;
- Discussion of the impact of the new 'recast' Directive;
- A revised Part VIII including discussion of the significant changes to the EU Trade Mark introduced by the recent amendments to the Community Trade Mark Regulation;
- Comprehensive coverage of significant new case law from the UK and the CJEU, including decisions of the General Court and rulings of the CJEU on the Directive and the Regulation.

J D Heydon

Cross on Evidence, 10/e

Written by the Honourable J D Heydon AC, this authoritative text provides a detailed and authoritative analysis of the rules of the Law of Evidence in Australia. It contains explicit statements of doctrine together with an exposition of the principles underlying the various rules. Cross on Evidence, 10th edition, has been thoroughly revised to incorporate statutory developments and changes to existing case law. The 21 chapters in the book are divided according to topics, providing greater depth and analysis of case law and discussing the scope and nature of the rules of evidence. The edition covers civil and criminal law of evidence in all Australian jurisdictions. Also states both the detail of the law and the principles on which it rests.

Social Media and the Law, 2/e

A Definitive Reference Guide to Social Media and the Law

Social media continues to enjoy increasing popularity, not only as a tool for individual interaction but also as a medium for business activity. While social media brings many benefits, it also has the potential to expose both individuals and organisations to risks relating to employment law, intellectual property, consumer laws and tort law.

The unique challenges posed by social media usage to established legal conventions, across a number of different areas of law ranging from employment to estate planning, are examined in this book. In its second edition, Social Media and the Law offers advice and guidance on the multitude of legal issues that are arising as a result of social media use. This book provides legal analysis of developments relating to social media.

The book is a vital aid for any lawyer who wants to take advantage of the marketing and business development opportunities offered by LinkedIn. LinkedIn for Lawyers provides guidance and practical examples on how to build your profile to position yourself in your field; how to stay top of mind with your existing clients and referrers; how to find and engage more of your prospects and potential referrers; how to use LinkedIn to add extra impetus to your existing business development and marketing initiatives; and how to generate new business as a result of doing the legwork on LinkedIn. This updated edition also includes a quick reference guide to leveraging other social media for your business, including Facebook, Twitter and Google+.

9789351436690 | 2nd Edition 2016 | Softcover | ₹850/-**Nicholas Grandage & Daniel Franks****The Law and Practice of True Sales**

This book seeks to analyse an area of law that is of great practical importance but which has been largely left untouched by academics and market commentators. This book raises issues of general law in True Sale, applicable to many circumstances, as well as complex issues relating to insolvency and practical enforcement. The issue of true sale is one of immense importance in the finance markets, where billions of pounds are invested based on a given treatment of a transaction. At the heart of many structured finance transactions is some form of transfer of assets - usually a sale. Practitioners seek to ensure the robustness of this transfer because of concerns that courts might treat a transaction as a disguised loan or might unwind the transfer on the later insolvency of the transferor. This book raises issues of general law, applicable to many circumstances, as well as complex issues relating to insolvency and practical enforcement.

Enforcement of Consumer Rights and Protections

Enforcement of Consumer Rights and Protections is a practical ready-reference to help guide lawyers when dealing with client work in relation to goods, digital content and services, and an essential aid for local authorities when prosecuting or bringing enforcement action against traders. The book covers powers and responsibilities of regulatory bodies, the UK's approach to sanctions, criminal penalties, investigatory powers, disclosure, consumer redress, the Ombudsmen Schemes and the EU framework within which UK measures apply. It provides a birds' eye view of the regulatory arena, encompassing the changes since April 2014 in areas where consumer rights and protections are engaged. It deals with the Consumer Law Reform Programme and also addresses the ways in which other legislation is making changes for consumers.

Workplace Bullying

A legal and psychological perspective

This essential guide explores both the psychology of workplace bullying as well as the legal environment in which it occurs. The author defines what is workplace bullying while examining the complexity of factors which contribute to such behaviour and the conditions that can lead to a toxic work environment. Offering an overview of the risks and liabilities (legal and non-legal) involved, practical advice on how to deal with such situations and an overview of general risk management through grievance procedures, this book is an invaluable tool for all lawyers, HR professionals and professionals who work in this area.

Res Judicata, 4/e

This is the most authoritative and comprehensive book available on the limitations imposed by the doctrine of Res Judicata. First published in the 1920s, this frequently cited work ensures readers understand how the doctrine of Res Judicata is enforced and also how it does not apply. It gives essential information on what constitutes a Res Judicata decision, how judicial decisions apply in rem and in personam, in taxation and rating cases, in criminal cases (autrefois acquit), in matrimonial cases, in prima facie cases of estoppel and in merger judgments. The text is fully supported by extensive footnotes and appropriate cases to demonstrate each point.

Sir Brian Neill, Richard Rampton QC, Heather Rogers QC, Timothy Atkinson and Aidan Eardley

Duncan and Neill on Defamation, 4/e

This concise treatise on defamation is both lucid and comprehensive. Previous editions have been cited frequently by first instance and appellate courts. The fully updated fourth edition considers the very significant changes to the law of libel and slander brought about by the Defamation Act 2013, and the law's continuing attempts to meet the challenges posed by publications on the internet and via social media. Where the law is uncertain, the authors suggest a solution which in their view accords with principle. In recognition of the fact that, increasingly, practitioners are called upon to advise on related causes of action, the book includes chapters on malicious falsehood and misuse of private information and has been expanded, in the fourth edition, to address harassment and data protection.

Lord Lester of Herne Hill QC, Lord Pannick QC & Javan Herberg

Human Rights Law and Practice, 3/e

This new edition has been substantially re-written to take account of the major changes which have occurred in this area of the law. It includes not only an up-to-date summary of European and UK human rights law but also wider international and comparative case law. It places this subject within its wider parliamentary context and connects with other jurisdictions. Up-to-date as from March 2009, it includes the latest cases, such as the judgment of the Grand Chamber of the European Court of Human Rights in *A v United Kingdom*, judgment of the Court of Appeal in *Purdy v DPP* and the House of Lords' judgment in *RB (Algeria) v SSHD*. Issues arising under the Human Rights Act, such as freedom of expression, conscience and belief, freedom of assembly and fair trial receive comprehensive treatment within the text. International Human Rights codes and comparative human rights law elsewhere in the Commonwealth, Ireland and the United States are also discussed. With specific chapters analysing the political history and the role of parliament in its conception and enforcement, this practical book covers all the information you need to interpret the Human Rights Act 1998 and this complicated area of law. Includes coverage on the UK government's latest Green Paper, Rights and Responsibilities.

Corporate Insolvency, 4/e Law and Practice

Bailey and Groves: Corporate Insolvency - Law and Practice is a leading commentary on the substantive law of corporate insolvency and practical guidance on the various procedures arising in this important field. Written by recognised experts in the field, it remains a user-friendly text covering all aspects on corporate insolvency in one volume and is accessible to both legal and accountancy practitioners. The book covers the law and practice from the perspective of a UK practitioner but also includes chapters on the EU and US to fit in with the needs of modern day business.

9789351436225 | 4th Edition 2015 | Hardcover | ₹4,250/-

Ian McDougall & James Wilson

Cases that Changed our Lives (Volume 2), 2/e

Following the international success of Volume 1 in 2010, Volume 2 presents a brand new selection of cases that have changed our lives. This collection of essays examines key cases (both UK and international) that have changed or created the rules and procedures which govern our lives and which we abide by. It takes a retrospective look at the circumstances behind the results of these great cases, examining the facts and the lasting legacies, as well as revealing a human side to the events that is not always apparent from the law reports. The themes addressed by the book demonstrate the rule of law, showing that through something as abstract as judicial reasoning, we create a set of rules and procedures which govern our lives.

Antony Hainsworth

Special Report

Islamic Financial Institutions & Islamic Finance Law

Islamic Financial Institutions and Islamic Finance Law report examines how laws and regulations in the UK and abroad are applied to Shari'a products and services. It offers cutting-edge guidance from a leading practitioner: it includes explanation of terms and definitions and looks the legal nature of the Shari'a, in addition to a crucial review of how Islamic financial business is regulated and its practical application within the UK.

Islamic Financial Institutions & Islamic Finance Law report also covers the following key areas:

- An introduction to the basics of Islamic law unfamiliar to most UK practitioners - e.g. what is Islamic law, what are the key principles, what are the products on offer?
- Islamic financial institutions - e.g. different types and requirements
- Discussion of the legal nature of the Shari'a - the basis, concepts and context of applying Shari'a law
- How is Islamic financial business regulated in the UK - e.g. how does it work with the Financial Services and Markets Act 2000 (this act being fundamental to how the financial services industry is structured and operates), with the Financial Services Authority, how are Islamic mortgages regulated?
- Best practice guidelines - e.g. key governance principles, Shari'a reviews and audits
- International operation - what are the regulatory models, how to incorporate best practice guidelines, oversight of Shari'a supervisory boards
- Practical application of Shari'a principles to areas such as guarantees, set-off, assignment of debt are included in Islamic Financial Institutions and Islamic Finance Law report
- Glossary of terms.

The Law of Product Liability, 2/e

Product liability is a topic of increasing commercial and social importance. This book provides a definitive statement of UK product liability law. Central to this is consideration of the strict liability provisions found in Part 1 of the Consumer Protection Act 1987 and the closely related regulatory rules on product safety. Other aspects include contractual (particularly sale of goods law) and negligence liability, both of which play an important role in product liability litigation. The book also considers the legal aspects of product liability insurance and important procedural matters, such as the possibility for class actions and jurisdiction and choice of law questions. Fully updated, this book is a comprehensive and authoritative exposition of product liability law.

The Law of Tort, 2/e

The law of tort occupies a central position in defining the legal obligations between individuals not to cause each other harm or injury. For academics it is a crucial area of study and for practitioners it is an essential area of knowledge. This title covers the general principles of tortious liability and a wide range of specific torts. It provides an accessible, comprehensive and authoritative account of the law as it is and how it is likely to develop. The new edition includes ground breaking cases such as *Barker v Corus* on causation, *Viasystems* on vicarious liability, and *Jameel* on defamation, plus a preliminary analysis of *OBG v Allan* in the area of economic torts. There is also full treatment of the Compensation Act 2006, and two wholly new chapters on Privacy and Deceit and Misrepresentation. An indispensable reference which will broaden the practitioner's understanding and knowledge of what is a fast-moving and complex area of law.

9788180389108 | 2nd Edition 2014 | Hardcover | ₹4,595/-

The Law of Damages, 2/e

Dias Jurisprudence, 5/e

The study of Jurisprudence is an opportunity for lawyers to bring theory and life into focus, for it concerns human thought in relation to society. The book does not evolve or demonstrate a particular theory but seeks instead to provide a way of thinking about law. An attempt has been made to offer guiding threads to the extensive literature on the topics dealt with, which will give readers an idea of those topics and the issues and problems they involve. The reading lists appended to each chapter are no more than pointers.

Francis Neate

The Rule of Law

Perspectives from Around the Globe

In October 2005 the IBA Council passed an important Resolution, which set out the minimum essential characteristics of the Rule of Law and ended by calling on all its members 'to speak out in support of the Rule of Law in their respective communities'. Since then the IBA has held a number of Symposia in different parts of the world devoted to the Rule of Law. These have been addressed by a variety of distinguished speakers, these speeches by eminent speakers are reproduced in this book, together with other contributions to broaden the global scope and assist insight into the issues.

Issues addressed include:

- The meaning of the Rule of Law
- The Rule of Law and the war on terror
- The Asian and African perspectives
- The developing international Rule of Law
- Independence of the Judiciary
- Independence of the legal profession

Melissa Hardee

Legal Education and Training

A Practical Guide for Law Firms

The book explains what firms need to know about the regulatory frameworks for legal education and training in England and Wales, as well as Scotland, and the regulatory responsibilities which the framework imposes on both firms and legal departments, as well as the individuals within them. Legal education and training also examines the importance of training as a way of achieving the firm's business strategy, covering the structure, ownership and management of the training function within a firm, and the different types of training a firm should invest in to meet its needs. It also provides a guide for fee earners on designing and delivering effective training themselves, as well as covering issues such as how to go about sourcing external trainers, e-learning, and making the most of the flexibilities in the new Legal Practice course. In the post-Legal Services Act 2007 world, there has never been a greater need for guidance on how to make the most of training spend.

International Trade Law, 3/e

Interdisciplinary Theory and Practice

The Textbook contains 50 Chapters dedicated to all aspects of the field, from ancient and medieval views about the morality of trade to the mysteries of adjustments to Constructed Export Price in a dumping margin calculation. It covers fully the Doha Round and the new, post-9/11 trade security rules. It includes chapters on free trade agreements (FTAs), and also chapters each on agriculture, services, and intellectual property (IP), and plenty of excerpts from key WTO and U.S. court cases.

The edition follows a user-friendly structure for lucid understanding of international trade law. Also contains useful notes appear throughout the text, carefully constructed and organized.

The author sets forth five clear and fundamental themes in the preface which resonate throughout the text, providing not only coherence and integration, but also the passion that will ensure lively classroom discussion and debate. The author covers hot topics, such as protectionism, regionalization, labor, the environment, and sanctions, from both a practical and theoretical standpoint. Interesting and substantive interdisciplinary readings provide further penetration of a subject on not only the economics of international trade law, but on perspectives brought to the field by political scientists, international relations specialists, and philosophers.

**Tolley's
Company Law
Handbook**

Tolley's

Company Law Handbook, 21/e

Tolley's Company Law Handbook gives practical guidance on all aspects of company law from the company perspective, at an operational level. This title complies with the latest legislation, covering everything from annual accounts and auditors to meetings, acquisition of own shares, directors and company names. The book follows a A-Z format, written in a familiar user-friendly and accessible style. This will be an essential reference work for anyone dealing with company law matters.

9781405778725 | 21st Edition 2014 | Hardcover | ₹4,995/-

Stephen Mason

Electronic Evidence, 3/e

The edition provides essential guidance on how to understand electronic evidence and how to use this successfully in litigation and other means of dispute resolution. This title brings together all the issues relating to disclosure, procedure and admissibility of electronic evidence as well as comprehensive coverage of jurisdictions including Australia, Canada, the UK, Hong Kong, India, New Zealand, Singapore, South Africa and the USA. It covers the complexities and types of electronic evidence in one source. It ensures compliance with procedures and duties to the court for the disclosure of electronic evidence. The book includes coverage of key foreign jurisdictions and a glossary to ease understanding.

9788180388637 | 3rd Edition 2013 | Hardcover | ₹2,495/-

Horacio A. Grigeria Nao'n & Paul E. Mason

International Commercial Arbitration Practice: 21st Century Perspectives

The book provides useful general information on ICA practice today as well as the influence of this institution in the settlement of international commercial disputes in specific economic areas, industries and commercial activities. Contains geographical regional overviews covering most regions of the world particularly China & Hong Kong and the Indian Subcontinent.

9788180387524 | Edition 2012 | Hardcover | ₹2,395/-

Raj Bhala

Understanding Islamic Law (Sharia)

The book provides the essential foundational materials for the study of Islamic Law. Covers several other pertinent fields: banking and finance, contracts, criminal law, family law, and property. It includes Arabic terms, in English, with diacritical marks to assist in pronunciation. Also incorporates recent developments such as the burkha ban in France.
